MEMBER OF PARLIAMENT  
PEACE RIVER — WESTLOCK

## NDP/Liberal Coalition Continues to Fuel the Inflationary Crisis

In January, I wrote to you sharing my concern that under the NDP/Liberal government, inflation was **soon expected to reach a 30-year high at 4.7%**.

*Since then, its gotten much worse.*

In June, Statistics Canada warned that **inflation has reached 7.7 per cent—a 40 year high**.

The NDP/Liberal response? **A promise to spend even more tax-payer money.**

This flawed economic approach ignores the most basic principle of economics: that spending during an inflationary crisis **will only fuel inflation further**.

Conservatives will continue to propose solutions that support Canadians and lower inflation.

We are calling on the Liberals to immediately:

- Suspend the GST on fuel;
- Remove the tariff on fertilizer;
- Repeal the carbon tax;
- Reduce spending and end inflationary deficits;

Conservatives will not support the NDP/Liberal inflation agenda.

In your service,

Arnold Viersen, MP

# Inflation is Hurting Canadians

Inflation is costing the average Canadian up to an additional \$4000 this year alone.

- o Food is getting more expensive, up 9.7 per cent in just the last year – the largest increase since 1981.
- o Gas prices are at record-highs reaching more than \$2 a litre everywhere in Canada with an exception in Alberta due to the UCP’s suspension of the provincial gas tax.
- o Housing prices continue to reach new records, after already doubling since Justin Trudeau became Prime Minister.

CONSERVATIVES ARE  
CALLING ON THE GOVERNMENT TO

**SUSPEND**

THE GST ON GASOLINE AND  
DIESEL TO PROVIDE RELIEF AT  
THE PUMPS FOR CANADIANS.
