IN THE COMMUNITY!

I had a great time at Westlock's 32nd annual Vintage Tractor and Machinery Show. It's a wonderful way to celebrate our communities farming heritage.

A MESSAGE FROM YOUR MP

Dear Neighbour,
We had a deal.

You work hard, you get a home, a safe neighbourhood, a good living and a good life. After 8 years of Justin Trudeau, that deal, just like everything else, is broken. He is out of touch and Canadians are out of money.

In a costly coalition with the NDP, out-of-touch Trudeau has run up more debt than all other Prime Ministers combined yet everything feels broken.

Life costs more. Work doesn't pay. Housing costs have doubled. Streets are filled with crime and chaos, drugs and disorder. Trudeau divides to control Canadians.

Pierre Poilievre and the Conservatives stand for the common sense of the common people united for our common home: Canada.

The Common Sense Conservatives will bring home a Canada that works for the people who've done the work –

in the factory, on the land, at the office, and everywhere else.

The Common Sense Conservative plan to bring it home for Canada will:

- Bring home powerful paycheques
- Bring home workers can afford
- Bring home lower prices
- Bring home safe streets
- Bring home freedom

Our plan will bring home a Canada where everyone who works hard brings home a good living and a great life.

Let me know what you think of our common sense plan by filling out the attached survey card.

In your service,

Arnold Viersen, MP
Peace River—Westlock

BRING HOME powerful paycheques

- ✓ Cutting taxes and clawbacks that punish work, so you keep more of each dollar earned
- ✓ Remove gatekeepers so immigrant doctors and nurses can treat patients, First Nations can earn paycheques, and Canadians can build
- ✓ Greenlight projects like nuclear, hydro, carbon capture, and the mining of battery-making materials
- ✓ Remove taxes, red tape, and gatekeepers to bring home businesses, factories, pipelines, resources, and technology

BRING HOMES workers can afford

- ✓ Remove gatekeepers to free up land and speed up permits to build
- ✓ Withhold infrastructure money from big-city governments that block home building and give building bonuses to cities that quickly greenlight builders and provide affordable homes
- ✓ Require new apartments around transit stations
- ✓ Sell off federal buildings to build more homes

BRING HOME lower prices

- ✓ Capping costs and stopping government waste to bring down inflation and interest rates
- ✓ Cancel the tripling of the carbon tax to stop punishing hard-working Canadians just for buying food, filling up their cars, and heating their homes

BRING HOME safe streets

- ✓ Jail, not bail, for repeat violent offenders
- ✓ Restore mandatory prison sentences for gun crimes
- ✓ Keep the worst criminals off the streets and behind bars
- ✓ Cancel Trudeau's costly gun grab on hunters and licensed firearms owners and use the savings to stop drug smuggling at our borders
- ✓ Keep hard drugs illegal and offer people struggling with mental illness and addictions hope and treatment, not taxpayer funded drugs and suicide
- ✓ Sue Big Pharma for causing the opioid crisis and use the proceeds of the lawsuit for rehab services to bring our loved ones home, drug-free
